

30th September 2019

The fourth transnational meeting started in Poland with all the partners from Portugal, Greece, Lithuania, Italy, Spain and Poland.

1st October 2019

In the morning there was the opening day - the Polish headmaster welcomed the partners, and school presentation took place.

Then there was the first workshop. The partners exchanged the posters about safer internet, and presented or discussed the activities done so far, in the process of exchanging good practices, among them planning and sharing digital scenarios as well as materials needed for the flipped classroom. The webpage of the project was presented and discussed.

At 12.30 lunch break at school

In the afternoon, during the second workshop, the partners discussed activities which should be done successively, among them questions for the interactive poster, interdisciplinary e-scenarios, videos creation or lesson's recordings. We also set dates for students to meet during online sessions.

2nd October 2019

Cultural visit to Toruń and Inowrocław. Lunch break in Toruń.

3rd October 2019

In the morning the third workshop started, according to the project. This meeting was set as a teacher training event. Other ITC tools (Screencast-o-matic) and internet resources were addressed. Exchanging good practices when it comes to the flipped classroom and digital scenarios. Planning the activities for the next meeting in Spain.

At 12.30 lunch break at school

In the afternoon, Poznań sightseeing.

4th October 2019

Half a day trip along the Piastowski Route.

Farewell dinner.

To sum up, the partners remembered the dates for the coming meeting (Spain 23-25 March; Greece 25-29 May)), to create interdisciplinary scenarios and video materials,

prepare materials needed for the flipped classroom and to upload them to Edmodo as well as the webpage of the project. Further work with digital scenarios.

5th October 2019

Departure day.
